

WISE VOICE

CUTTING EDGE TELECOMMUNICATION
SYSTEMS TO KEEP BUSINESS RUNNING.

With traditional PBX systems, you are missing an opportunity to improve your communication capabilities and cut your maintenance cost. Our world class VoIP phone systems and support provides you with WiseVoice telecommunications service, reliability and advanced technology. These systems can scale and grow with your business at half the price of most of your current telephony arrangements. Another outstanding advantage of partnering with OpenGate is that we also provide you with alternatives to your current phone line cost.

**FREQUENTLY WE SAVE OUR CLIENTS ENOUGH MONEY TO UPGRADE
FROM THEIR OLD PHONE SYSTEMS TO STATE-OF-THE-ART VoIP.**

The average savings businesses see after switching to VoIP range between 50% to 75%.

While the amount of savings can vary greatly by case, 99.99% of customers see a reduction in their phone expenses.
